DO NOT PRINT OFF. Provided at registration.

Ribblehead is wild, open and often busy. Lots of parking areas – but on sunny weekends they fill with tourists and walkers. There is a resident butty van, ice cream seller and at the Settle/Carlisle station a small café. A decent pub and beer garden too. It also does meals. A large, prominent attraction is the famous Ribblehead viaduct (circa 1874): occasional steam trains pass over amongst normal rail traffic.

Ribblehead (start)
